**RE: M.Y. CLOUDBREAK – THANK YOU FOR YOUR FOR ASSISTANCE:**

I write to you while underway back towards the Mediterranean and hope my letter finds you all safe and well in these uncertain times.

Our season started normally with some great cruising and the support we have become accustomed to from your team over the years. Always makes our jobs and lives so much easier. And then it all went sadly wrong with the worldwide Corona Virus Pandemic. We were saddened to have our season in Thailand end early and as a result of these difficult times. Granted, it was probably not our preferred way to spend 7-weeks in Thailand, but we are actually all quite pleased that we relocated to there and proud that we did "our lockdowns" with you guys in Phuket.

I think it is safe to say that without your assistance we would not be here but still be berthed in Phuket. I was most impressed that you had taken my request for assistance very seriously and to the highest levels in local and national government and did all you could to assist in us being able to depart Thailand when we did. It was challenging and not something we could have achieved alone, and we are exceptionally grateful for your efforts.

We appreciate all the support from cruising, to logistics, to lockdown and hopefully see back in Phuket winter after next. On behalf of the owner and crew on Cloudbreak, THANK YOU!!

Kind regards.  
Jerry.
