

M.Y. VAVA

Hi Priyantha. Many thanks for your kind assistance with our brief visit to Galle. I was happy with the way you managed our arrival and the formalities of entering in to Sri Lanka waters and ports, which can obviously be complicated without the assistance of a knowledgeable agent. Thanks also for your assistance with all of our inquires as it helped us to complete the simple tasks we needed to take on and also allowed us to understand a little about the Sri Lankan ways. I am happy that we came to Sri Lanka as it gave the crew a great opportunity to have some very interesting time ashore in a country most of us have never visited. They all fully enjoyed the experience and I can certainly expect that some of them will likely return for visits in the future. It was a pleasure to come to visit Galle and your agency assistance allowed us to make a fluid transition into the country for which I am thankful.

Captain Glen
