To Whom It May Concern

This referral letter is written by request of Asia Pacific Superyachts, Andaman Islands.
Messrs Asia Pacific Superyachts were the agent for the M/Y Esperanza while calling at Port Blair.

The above-mentioned agent proved to be very helpful, managing port clearance, supply of provision and fresh water and organizing media events.

The professional approach of agency staff made the call easy and pleasant; many last minute requests were dealt with on a timely basis and with great efficiency.

I am completely satisfied with the service provided and would definitely recommend Messrs Asia Pacific Superyachts as agent for this area.
